UNSTARRED QUESTION NO:3621
ANSWERED ON:15.12.2014
CARGO HANDLING FACILITIES AT HYDERABAD AIRPORT
Subbareddy Shri Yerram Venkata

Will the Minister of CIVIL AVIATION be pleased to state:

(a) whether the Government proposes to develop the cargo handling facilities at Hyderabad Airport;

(b) if so, the details and the present status thereof; and

(c) the other facilities being planned at the said airport?

Answer

Minister of State in the Ministry of CIVIL AVIATION (Dr. Mahesh Sharma)

(a) to (c): A world class Cargo handling facility has already been constructed with an initial handling capacity of 150,000 MT. During FY 2013-14, the airport handled 90,232 MT of Cargo. This facility is modeled on the Cargo Village concept that brings all the key components of air cargo ecosystem together at a location close to the Cargo terminal. This terminal is equipped with India`s first dedicated Pharma zone to cater to the temperate controlled Pharma shipments. There is a provision for expansion of warehousing and associated facilities for the trade and dedicated handling facility for perishable cargo during the next phase of expansion of the Cargo Village.
